Essex County, NJ Lookup Instructions

Essex County

Navigate to the Essex County New Jersey Association of County Tax Boards web site via the following link:

<http://www.njactb.org/>

Select Record Search from the menu at the top of the page. The Assessment Records Search page opens. Choose ESSEX from the dropdown list to the right of Step 2: Select County, then choose ALL from the dropdown list to the right of Step 3: Select District.

Enter the property address in the 'Location' field of the center Search Criteria section of the form. Street direction (N, S, E, W) and street type (St., Ave., Rd. etc.) are not required. Click the gray Submit Search button to the right of Step 8: Process Search.

If the property is found in the New Jersey Association of County Tax Boards database, a results page opens with one or more records containing the property address, owner and block/lot information. Click the More Info link in the first column of the selected property to access additional legal, sales and property tax history. The property **IS** eligible for NeighborhoodLIFT financing.

If more than one property displays or is located at the same address, such as a condominium or townhome, scroll down and select the correct property from the list. NOTE: results may include multiple pages.

If the property address is not found in the New Jersey Association of County Tax Boards database, the results page refreshes with no records and the message '0 Records Found' displayed. The property is **NOT** eligible for NeighborhoodLIFT financing.
